

DAVID HAUKUR BOYD

**Senior Operations Analyst
Operations Analysis Division
U.S. Coast Guard Pacific Area**

Mr. **David Haukur Boyd**, originally from Iceland, serves as Senior Operations Analyst in the Operations Analysis Division, U.S. Coast Guard Pacific Area. He manages the Standard Operational Planning Process and leads the Science, Technology, Innovation, & Research Work Group. As Pacific Area's representative to the Arctic Coast Guard Forum, he visited Iceland and worked with the Arctic Nations planning Search and Rescue and Marine Environmental Response exercises. He has a MS in Public Administration (California State University, East Bay) and a BS in Mathematics (U.S. Coast Guard Academy). Having served in three U.S. Coast Guard Cutters and one Naval Destroyer, Mr. Boyd completed the requirements and has a Merchant Marine License as Master of up to 1500 tons and Chief Mate of vessels of unlimited tonnage. His sea time is now served as often as possible as a cruise ship passenger. Mr. Boyd has over 30 years of combined military and civil service in the U.S. Coast Guard.
